

many

MEETINGS ARE BROKEN

in many ways

SOME PROBLEMS

Transparency

No agenda or not known by participants

Relevancy

Topics not relevant to all participants

Workload

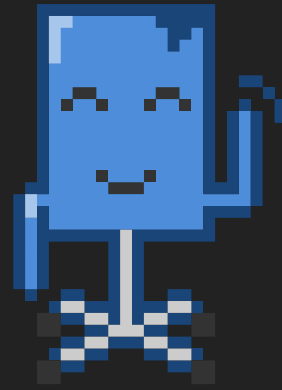

Preparation is done by a single person

...

SOLUTION?

Let participants **take part in the preparation**

Make the meeting *transparent, relevant and distribute the workload*

MEETLING

Web app for collaboratively preparing meetings

ABOUT MEETLING

- Collaboratively draft an agenda, let participants propose and edit agenda items
- Share meetings by link (no registration required)
- Simple to use
- Stack: Python, Tornado, Redis, JavaScript

Working group meeting

📅 Wednesday, January 4, 2017, 1:00 PM

📍 At the office

We meet and discuss important issues.

edited by Peter

Agenda

⋮ 1. Round of introductions

edited by Peter

Edit

⋮ 2. Lunch poll

🕒 30m

What will we have for lunch today?

edited by Peter

Edit

There is one trashed item.

Propose an agenda item
